Twitter Sentimeter / Freelance

2016

Built a MEAN Stack single page application (SPA) using Google's Natural Language API and the Twit API

The application pulls a users past 20 tweets, analyzes them and decides if they are positive, negative or neutral.

Coffee Tacos or Pizza: Open Now / Freelance

2016

Designed a SPA using Knockout.JS and the Google Maps API. The application automatically pulls the user's location and returns a map of coffee shops open now on a map with pins and in a list.

Etch-A-Sketch / Freelance

2016

Engineered an Etch-A-Sketch complete with shaking animations using jQuery

MEAN Bitly Clone / Freelance

2016

Made a clone of bitly URL shortening service using Node, MongoDB, Angular and Express

Random Quote Generator / Freelance

2016

Designed a Random Quote Generator using jQuery and AJAX calls

Experience

AT&T / Sales Consultant

2015-2016

Sold across multiple product categories including Home Entertainment, Home Security, Handsets, Handset Insurance and High End Audio Accessories

-In my first month selling I was in the top 10 out of 2200 sales reps under the IL/WI Director of Sales

Whole Foods Market / Buyer

2015

In charge of labour, purchasing and shrink budgets as well as all of the purchasing.

-Beat targets by 10 basis points first month after dry spell

Wal-Mart / Fresh Merchandise Supervisor

2014 - 2015

In charge of P&L as well as coaching and training a staff of 14 in the full-service Deli, Bakery and Produce Departments.

-Trained a team from inception to my departure resulting in three different team members taking my position

-Beat Grand Opening targets by 7%

-Consistently in top 3 of 14 Managers for profitability in district

Education
